

20-port Full Gigabit Switch

16 ports Base-TX, 4 ports GbE RJ-45/SFP Combo

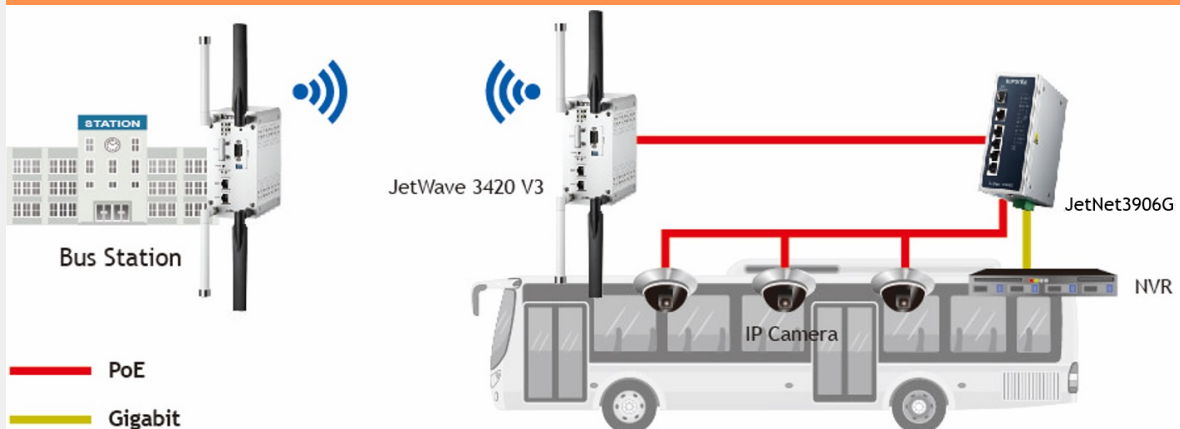

Help your industrial networking to stay safe, secure and connected!

- [JetNet7020G](#): Layer3 Gigabit Routing Switch
- [JetNet5620G-4C](#): Layer2 Switch

Bus Surveillance with Wireless Solution

Transportation solutions are mostly installed in moving vehicles, where is exposed to a variety of climatic condition.

With mega pixel IP cameras installed throughout the bus, the enhanced recording of the event will be tagged and stored to the NVR on the bus, then NVR collected and uplinked the large megapixel video images through the Gigabit ports via a wireless connection when the vehicle returns to the depot. Why Korenix [JetWave 3420 V3](#)

- 2x2 DL MIMO technology LTE
- 150M Downlink and 50M Uplink speed.
- The embedded LTE module also backward compatible with 4G LTE connection

Why Korenix [JetNet 3906G](#)

- Full gigabit for mega pixel IP cameras

- 4 high power PoE ports, max 30W per port, 120W in total
- 12~36VDC power input for bus powering system

JetNet 3906G

- 6-Port Gigabit PoE Booster Switch
- 4-Port IEEE 802.3af/ 802.3at PSE
- Power input: DC12~36V
- Mega Pixel IP surveillance network solution
- Unmanaged – plug & play!

JetWave 3420 V3

- Industrial LTE plus 802.11ac WIFI Wireless IP Gateway
- LTE 2x2 DL MIMO technology reaching up to 150M downlink & 50M uplink speed
- Ethernet, Wifi and serial port communication over the LTE network
- M12 anti-vibration connector available for vehicle installation
